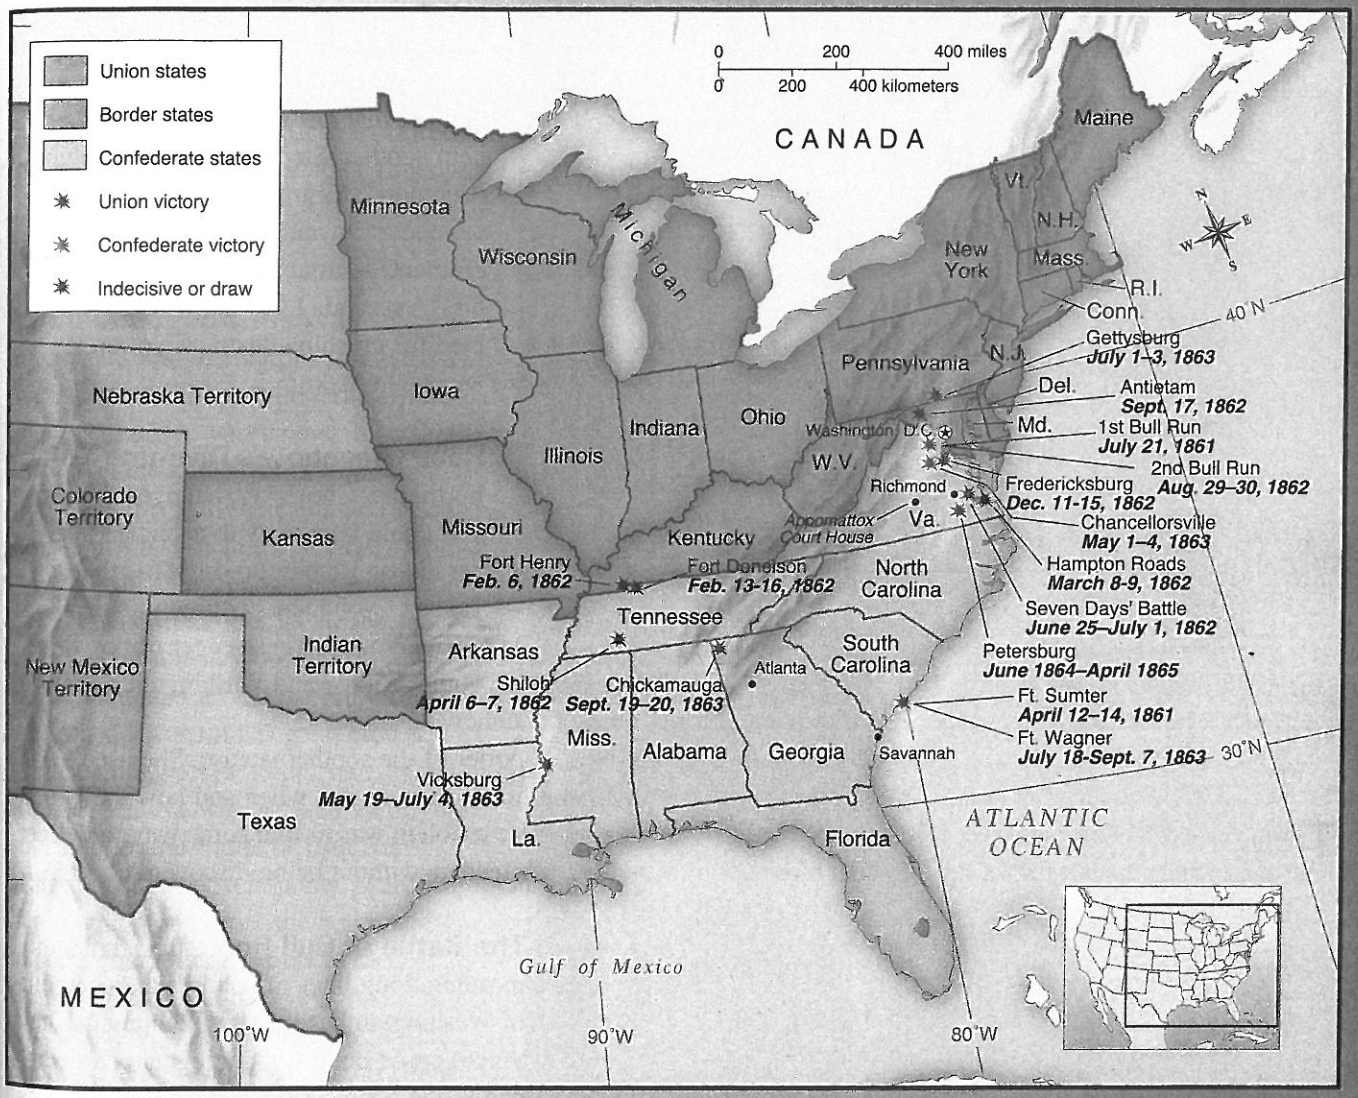
Geography Challenge

The Civil War 1861–1865



1. Identify four interesting details on this map.

2. Where did most battles take place: in Union states, in Confederate states, or in border states?

3. In the early part of the war (1861–1862), which side won more battles? Why do you think this side was more successful?

4. In the later part of the war (1863–1865), which side won more battles? Why do you think this side was more successful?
